GLOBAL LEADERSHIP IN THE 21ST CENTURY

VIRTUAL E-CONFERENCE

The **Permanent Secretariat** of the **World Summit of Nobel Peace Laureates**, in partnership with the **World Academy of Art and Science (WAAS)**, is delighted to announce an online Youth Leadership Day. The event will begin with a **plenary session**, to offer youth from across the globe the chance to listen to - and learn from - leaders in the field of peace-making. Following this session, youth will have the opportunity to participate in one of **seven exclusive online workshops**.

The workshop topics will cover human rights, peace education, science, engineering and technology, the arts, the economy, disarmament, climate change, and more... During the workshops, **youth leaders from five continents** will share their unique experiences, as well as present highlights of practical projects and initiatives they have started.

The learnings from each workshop will be shared during the **closing ceremony**, and inform reports to be submitted to the United Nations.
